The first few weeks in school have been going well; children are getting back into routines and staff have been working hard to assess children and what they need to focus their learning on.

As always at the start of the autumn term, there have been a number of children who have quickly developed colds. Thank you for being sensible and cautious about children displaying symptoms of illness of any kind, however if you know that your child simply has a cold rather than any other illness, as long as they are well enough, they may return to school. If your child needs to have a coronavirus test, please keep us informed of results as soon as possible.

Most people are continuing to be considerate about parking at school, but please also be considerate when parking in the village. It is also easy to relax and delay at school, chatting at the beginning or end of the day, but please resist this and leave the site quickly. Many people are bringing their dogs on site; this can lead to various issues. They must be on leads and please do not encourage other children to play with them.

GOOGLE CLASSROOM: We are continuing to develop plans for any possible future closure, short or long, and your children may already have been telling you about Google Classroom or have been beginning to use it for homework tasks. Individual class teachers can explain how it will work for your child if you require more information at this stage. Although children can post individual comments, they should be relevant to their school work, or be helpful comments to other students in their class.
